In fulfilling its charge as established in the by-laws of the Berkeley Division of the Academic Senate, the Committee on Diversity, Equity, and Campus Climate (DECC) carried out the following activities in the academic year 2015-16.

Activities

- Along with several other representatives from campus constituencies, Chair Jones was invited to meet with the Chancellor to offer suggestions on how policies and procedures covering sexual harassment and violence could be strengthened to better support victims. In January, the Chair participated in a meeting at the Office of the President that focused on changes to systemwide policies and procedures for handling and investigating complaints. In late spring, Chair Jones was appointed to the Chancellor’s Committee on Sexual Harassment and Sexual Violence.

- DECC will be one of the Senate committees involved in reviewing and evaluating proposals for reconfiguring academic units and administrative structures. To this end, the committee developed a framework to evaluate such initiatives:
  - How will recruitment of URM and women faculty be affected by any administrative or academic realignment? How will targets of opportunity be handled?
  - Does the realignment contribute to enhancing Berkeley’s excellence?
  - How will the initiative impact a school, department or other academic unit’s strategic plan for equity and diversity? Is it compatible with ongoing efforts in the unit? Will it spur efforts in an academic unit that has lacked diversity?
  - How will the proposed restructuring advance campus goals of diversity, equity, and an inclusive climate?
  - What criteria was used to develop the initiative? How will it be evaluated?

- The 2016 nominee for the Leon C. Henkin Citation for Distinguished Service was forwarded to the Divisional Council for endorsement. It will be included on the agenda for the first DIVCO meeting in fall semester.
