

BERKELEY DIVISIONAL COUNCIL STATEMENT ON
PRESIDENTIAL EXECUTIVE ORDER ON IMMIGRATION AND REFUGEES

The Berkeley Divisional Council of the Academic Senate condemns President Trump's Executive Order of January 27, 2017, on immigration and refugees. Public policy should not be based on irrational fears or prejudices, or play to them. The Executive Order is harmful to American leadership in the world, which depends on international collaboration and on bringing the best and most creative minds to the United States.
